be Creative

MADE IN EU

Take customisation to the next level with BE CREATIVE items! These give you the freedom to present your brand with full-colour graphics that extend to the whole surface of the product, ideal for patterns and more striking designs than simple logo printing. The BE CREATIVE collection is manufactured or assembled in Central-European production facilities, ensuring short delivery times and low minimum order quantities.

GO GREEN

Show your commitment to sustainability with the GO GREEN selection! These eco-conscious products are primarily made of recycled or renewable materials, offering a cost-effective alternative to conventional items – both environmentally and economically. Look for the green material icons to choose products that reflect forward-thinking values in your promotional activities.

Variable
NAME PRINTING

Make it personal with our new variable name printing option! This feature allows you to customise each product with an individual name – ideal for bottles, mugs and many more everyday favourites. It's a simple way to turn branded items into something that feels personally chosen: gifts that people are more likely to keep in their daily routine.

Name printing is applicable to the following technologies:

UV LED printing
Rotary UV LED printing
Engraving
Rotary Engraving
Sublimation printing

Please note that variable name printing pricing differs from our regular printing's pricing.
